

# Recyclable relays

This activity is part of the **BLUEPRINT to a Circular Economy Activity Pack**.

Visit [projectblueprint.eu](http://projectblueprint.eu) for more information and other fun activities.

## Step 1

Label your buckets "Recycling"/ "General waste" and "Donate/Sell/Recycling centre" using scrap paper and tape.

Space out your three buckets a metre apart (more if you are playing with other people).

## Step 2

Pile your clean and dry recyclables that you have been collecting in front of you.

**Single player:** Press the timer and sort your pile into the correct buckets as quick as you can. How fast did you do it? Now try doing it in less time!

**Multiplayer:** Before playing, divide your waste items and mark them with a coloured pen or sticker so you know which items are yours. On GO, sort the waste as quick as you can into the buckets. The first one to sort it **correctly** wins!

## What you will need

A collection of different clean and dry recyclables and waste items. E.g.

Newspapers  
Plastic bottles  
Aluminium cans  
Old clothing  
Black bin bags  
An old book

Three buckets/containers

Scrap paper, pen, and tape.

A timer (single player)

Coloured marker pen or stickers (multiplayer)

Check your local council guidelines to find out if you have sorted your recycling correctly!

This activity has been recycled from **PECT's Nature's School** downloadable resources:

[www.pect.org.uk/projects/natures-school/](http://www.pect.org.uk/projects/natures-school/)

# FOX'S WASTE ADVENTURE

The **free** activity booklet designed to encourage primary aged children to reduce, reuse and recycle their waste.

## Looking for fun ways to reduce waste with your pupils or children?

Follow our lead character, Fox, on their adventure to reduce waste, by completing activities like **word searches, design challenges and craft ideas** that reuse the activity booklet itself.

Why not see if your school wants to get involved? They will receive **free teaching activities** to support Fox in the classroom!

This activity is part of the **Blueprint to a Circular Economy** project which aims to support local authorities to design out waste. Visit [www.projectblueprint.eu/](http://www.projectblueprint.eu/) to find out more.

Nominate your school to receive free copies of *Fox's Waste Adventure* activity book by emailing: [blueprint@pect.org.uk](mailto:blueprint@pect.org.uk)

## Nature's School

As part of its education work, PECT has created over a **100** downloadable activities to enhance your children's understanding of the world around them.

Find all of the **Nature's School** downloadable activities on the PECT website: [www.pect.org.uk/projects/natures-school/](http://www.pect.org.uk/projects/natures-school/)
